

# WATER IN SOCIETY

SCIL 109 | NRES 109 | AECN 109 | GEOG 109 | ENVR 109

## Water in Society | Spring 2021 | Online

**An introductory water science and social science course for undergraduate science majors and non-majors**

Available through the Big Ten Academic Alliance and Nebraska Now program

*No Prereqs*

*ACE 4, 8*

For more details, please reach out to the course instructors

If you use water, you should take this course! This engaging course is taught by an interdisciplinary team of instructors identified as highly-effective by 95 percent of former students. Students will have an opportunity to enhance their understanding of global water issues by:

- Creating infographics
- Using computer-based models to make decisions about water
- Interacting and learning from stakeholders and industry professionals
